

## Commercial Turf Sales & Service

# 17-0-5

## 30% XCU & Cal Plus

- Turf King 17-0-5 is formulated with 30% XCU Slow Release Nitrogen, which is fortified with Turf King Cal Plus.
- Save time and labor with a single application of fertilizer and lime.
- Turf King Cal Plus can increase pH up to 4 times faster than traditional pelletized lime products.
- Organic Acid applied to the High Cal Lime will produce rapid calcium availability and increase pH.
